BARRY COUNTY DEEDS

Document Searching and Copies

In-Office Searching

If you are looking for a copy of your latest deed, you may visit our office and our staff can look it up for you. We cannot search over the phone or via email.

Please note that this is a search for the last deed or other document under a specified name and is not a search by property. We cannot perform more in-depth title searches (including searches for easements, right of ways, surveys, mobile home affixtures, etc.). For these searches, we recommend contacting a title company or performing your own search. You can do this online with Tapestry (see below for more information) or by using our free Public Workstations in the Register of Deeds office.

For staff searching there is a \$5.00 search fee and a \$1.00 per page copy fee. State Tax Liens, Federal Tax Liens and UCC documents may have additional search fees. Documents can be certified for an additional \$5.00 fee. Searching by Grantor/Grantee at the Public Workstations is free and copies are \$1.00 per page. Searching at the Public Workstations by legal description or parcel number is \$1.00 per minute.

Remote Searching

The Barry County Register of Deeds offers two options for remote document searching. Please read below to determine which option is best for your situation.

Tapestry

Tapestry is a web-based search service that allows users to search land records and index information. This service has a \$8.75 fee per search and is ideal for one-time or casual searching. Copies of images have the

standard \$1.00 per page fee.

ATTENTION: Barry County has upgraded to the new and improved Tapestry EON for remote searching. [Click here to search property records using Tapestry Eon](#)

The previous version of Tapestry is still available for searching [here](#) for the rest of 2025 only. Please consult the following files for helpful information on searching the new Tapestry Eon website for recorded documents:

[Tapestry Eon User Guide](#)

[Tapestry Eon Tip Sheet](#)

[Tapestry Eon Training Video](#)

Laredo

Laredo allows users to search land records for a monthly fee and is ideal for regular or professional searching. [Click here to download a Laredo Agreement](#)

and return it to the Barry County Register of Deeds office or email to ereed@barrycounty.org to set up an account.

If you are having problems using Tapestry or Laredo, or would like assistance learning the programs please call the Fidlar Support Team (M-F 8:00 am-7:00pm) at 563-345-1283 or email support@FIDLAR.com.

Please do not contact the Register of Deeds office until after contacting Fidlar Support.
